From the Municipal Commissioner
In continuation of his letter dated the 11th December 1933, submits for orders, the proposal of the Swami of Sri Yathiraj Mutt at Melkote, that the Mutt building in Hallebakam and a cash of Rs 855-2-0 remaining with the Secretary may be taken charge of by Govt

The D.C. considers that Govt will be drawn into litigation if the proposal of the Swami is complied with for the present

7 In his letter dated the 2nd December 1932, the Contractor claims a balance of about Rs.600/- on account of the work done by him. He also says that he has kept his own things in the building and that there are ~~xxxx~~ stone pillars &c., worth about Rs.200/- in the compound.

8 If the Chairman of the Building Committee is prepared to hand over the sum of Rs.855-2-0 which is admittedly with him there can be no difficulty in scrutinising the Contractor's Bills and settling the matter. There seems to be no chance of any -- litigation as the Contractor is according to his letter, agreeable to hand over possession of the building to Government.

SIR,

In continuation of this office letter dated 11th December 33 re: the management of the affairs of the Sri Yethiraja Mutt, I have the honor to state that the Swamigalu wrote to me on the 20th November 33 requesting that as Mr. T.S. Raghavachar, retired Executive Engineer and President of the Committee for the building of the Mutt in Malleswaram has resigned on the ground that other members were not co-operating with him, the building together with the vacant sites and the cash of P 855-2-0 remaining with the Secretary may be taken charge of by Government. The Deputy Commissioner in his letter No. 33-335-32 dated 30-12-33 (copy enclosed) states that, for reasons explained it is probable that the Government will be drawn into litigation if the building &c., are taken possession of by Government. I submit the matter for the orders of Government as it has an intimate bearing upon other questions connected with this Mutt about which Mr. . Venkatachala , the Swamy's representative, is conferring with the Government Advocate.

2. The file of connected papers is enclosed for reference.

I have the honor to be,
Sir,
Your most obedient servant,

[signature]
for Muzrai Commissioner.

Letter No.C3-285/32-33 dated 30-12-33 from the Deputy Commissioner, Bangalore District, to the Muzrai Commissioner in Mysore.

With reference to your letter No.295/31-32 dated 1/4-12-33 in the matter of the assumption of the possession of the building in Malleswaram, belonging to Sri Yethiraj Mutt of Melkote, I have the honor to state that in pursuance of your letter No.295/31-32 dated 28th April 1933 the Amildar was asked to furnish a report. He wrote to the Executive Engineer for a valuation of the building and the materials stored in the building etc., The Executive Engineer has not yet furnished the same. I am writing to the Executive Engineer in the matter.

As regards the communication dated 30th November 1932 from the Swamigal received with your letter under reply, I have to state that the Swamigalu desires that the cash balance of Rs.55-2-0 remaining with the Secretary of the Building Committee, the building and the vacant sites should taken charge of by Government and let out to Messrs. M. Kanniah Naidu & Sons, Contractor for a reasonable rent. The funds connected with the construction of this building and the construction of the building itself were entrusted to a Building Committee. This Committee has not been working harmoniously and there is a dispute between the Committee itself and the contractor. The contractor has stated that a certain sum of money is due to him still for work done by him. He has stored some building materials in the building and he himself in possession of the building. He has claimed also the value of the building materials stored in the building and outside on the site. The building is not yet completed, I think it is not desirable for Government to take possession of the building, the site, the unused materials and it will serve no purpose to take charge of the cash alone. It is clear from the communication received from the Swamigalu that the members of the Building Committee do not work harmoniously. Who is responsible for the contract entered into with the present contractor or what the terms are and how much is due to him cannot be made out. It is probable that the Government may be drawn into any litigation if the building etc., are taken possession of in the circumstances mentioned above.

Records accompany for reference and kind return.
